

Lene's up coming markets and exhibitions...

Lene Kuhl
Jakobsen

Ceramist and Artist

Hi there!

As the cold Melbourne Winter continues there are a few things happening in August which I would like to tell you about.

I have recently finished a series of pieces titled 'Horizon'.

‘Horizon’

These vases and boxes have overlapping glaze effect in order to create shades of colours depicting a hazy look towards a horizon.

These pieces are now for sale at Craft in Melbourne....on the shelves as well as in the online shop.

Craft Store: Lene Kuhl

Another series of vessels are inspired by the varied shapes of ‘gum nuts’ which often resembles small bowls or containers.

Some of these have been wood fired other ones are finished in my electric kiln.

I have used different clays and applied various surface treatments and glazes.

Like in nature there is no limit to the variations one can achieve in ceramicshopefully with a satisfactory result.

From August 1 a number of these 'gum nut' shapes will be shown in a display case at the Banyule Library and Cultural Hub in Ivanhoe complimenting an installation titled 'Forest of Hope' by artists Anne Bennett showing in the Yarra-me Djila Theatherette.

From August 5 to September 29 the 2022 Banyule Arts Salon exhibition is happening and this large 3 spouted wood fired vase will be shown.

Makers Markets in August

I will be taking part in two this month, see details below.
Hope to see you there!

Saturday 13th August

Coburg Studios
(under cover)
Open 10am - 3pm
