

Lene Kuhl
Jakobsen

Ceramist and Artist

Hi there!

It has been a busy start to 2023 as I have been making new works in preparation to take part in 2 exhibitions in the next few months.

I will be showing pieces which are inspired by the shapes of various eucalyptus seed pods/gum nuts.

Each piece is a one-off and have either been fired in my electric kiln or in a wood fired kiln at Tallarook.

The first exhibition feature ceramics and paintings at The Hive Gallery in Ocean Grove.

Please visit if your are in the area.

During the months of April and May I am one of 5 ceramists from City of Banyule who have been invited to exhibit together at the Art Gallery 275 at Ivanhoe.

A Gift of Fire

Featuring artists:

Avis Gardner

Mim Johnson

Irianna Kanellopoulou

Amy Kennedy

Lene Kuhl Jakobsen

This exhibition is a showcase of ceramic art in Banyule. The artists in this exhibition are all ceramic artists who live in Banyule, each with differing practices, using this versatile medium in very different ways, from the functional to sculptural, from practical to whimsical and anything in between.

Their minds and talent shape the clay, but each piece must pass through fire, and emerge from the flames, as a gift.

Exhibition Dates: 12 April – 4 June 2023

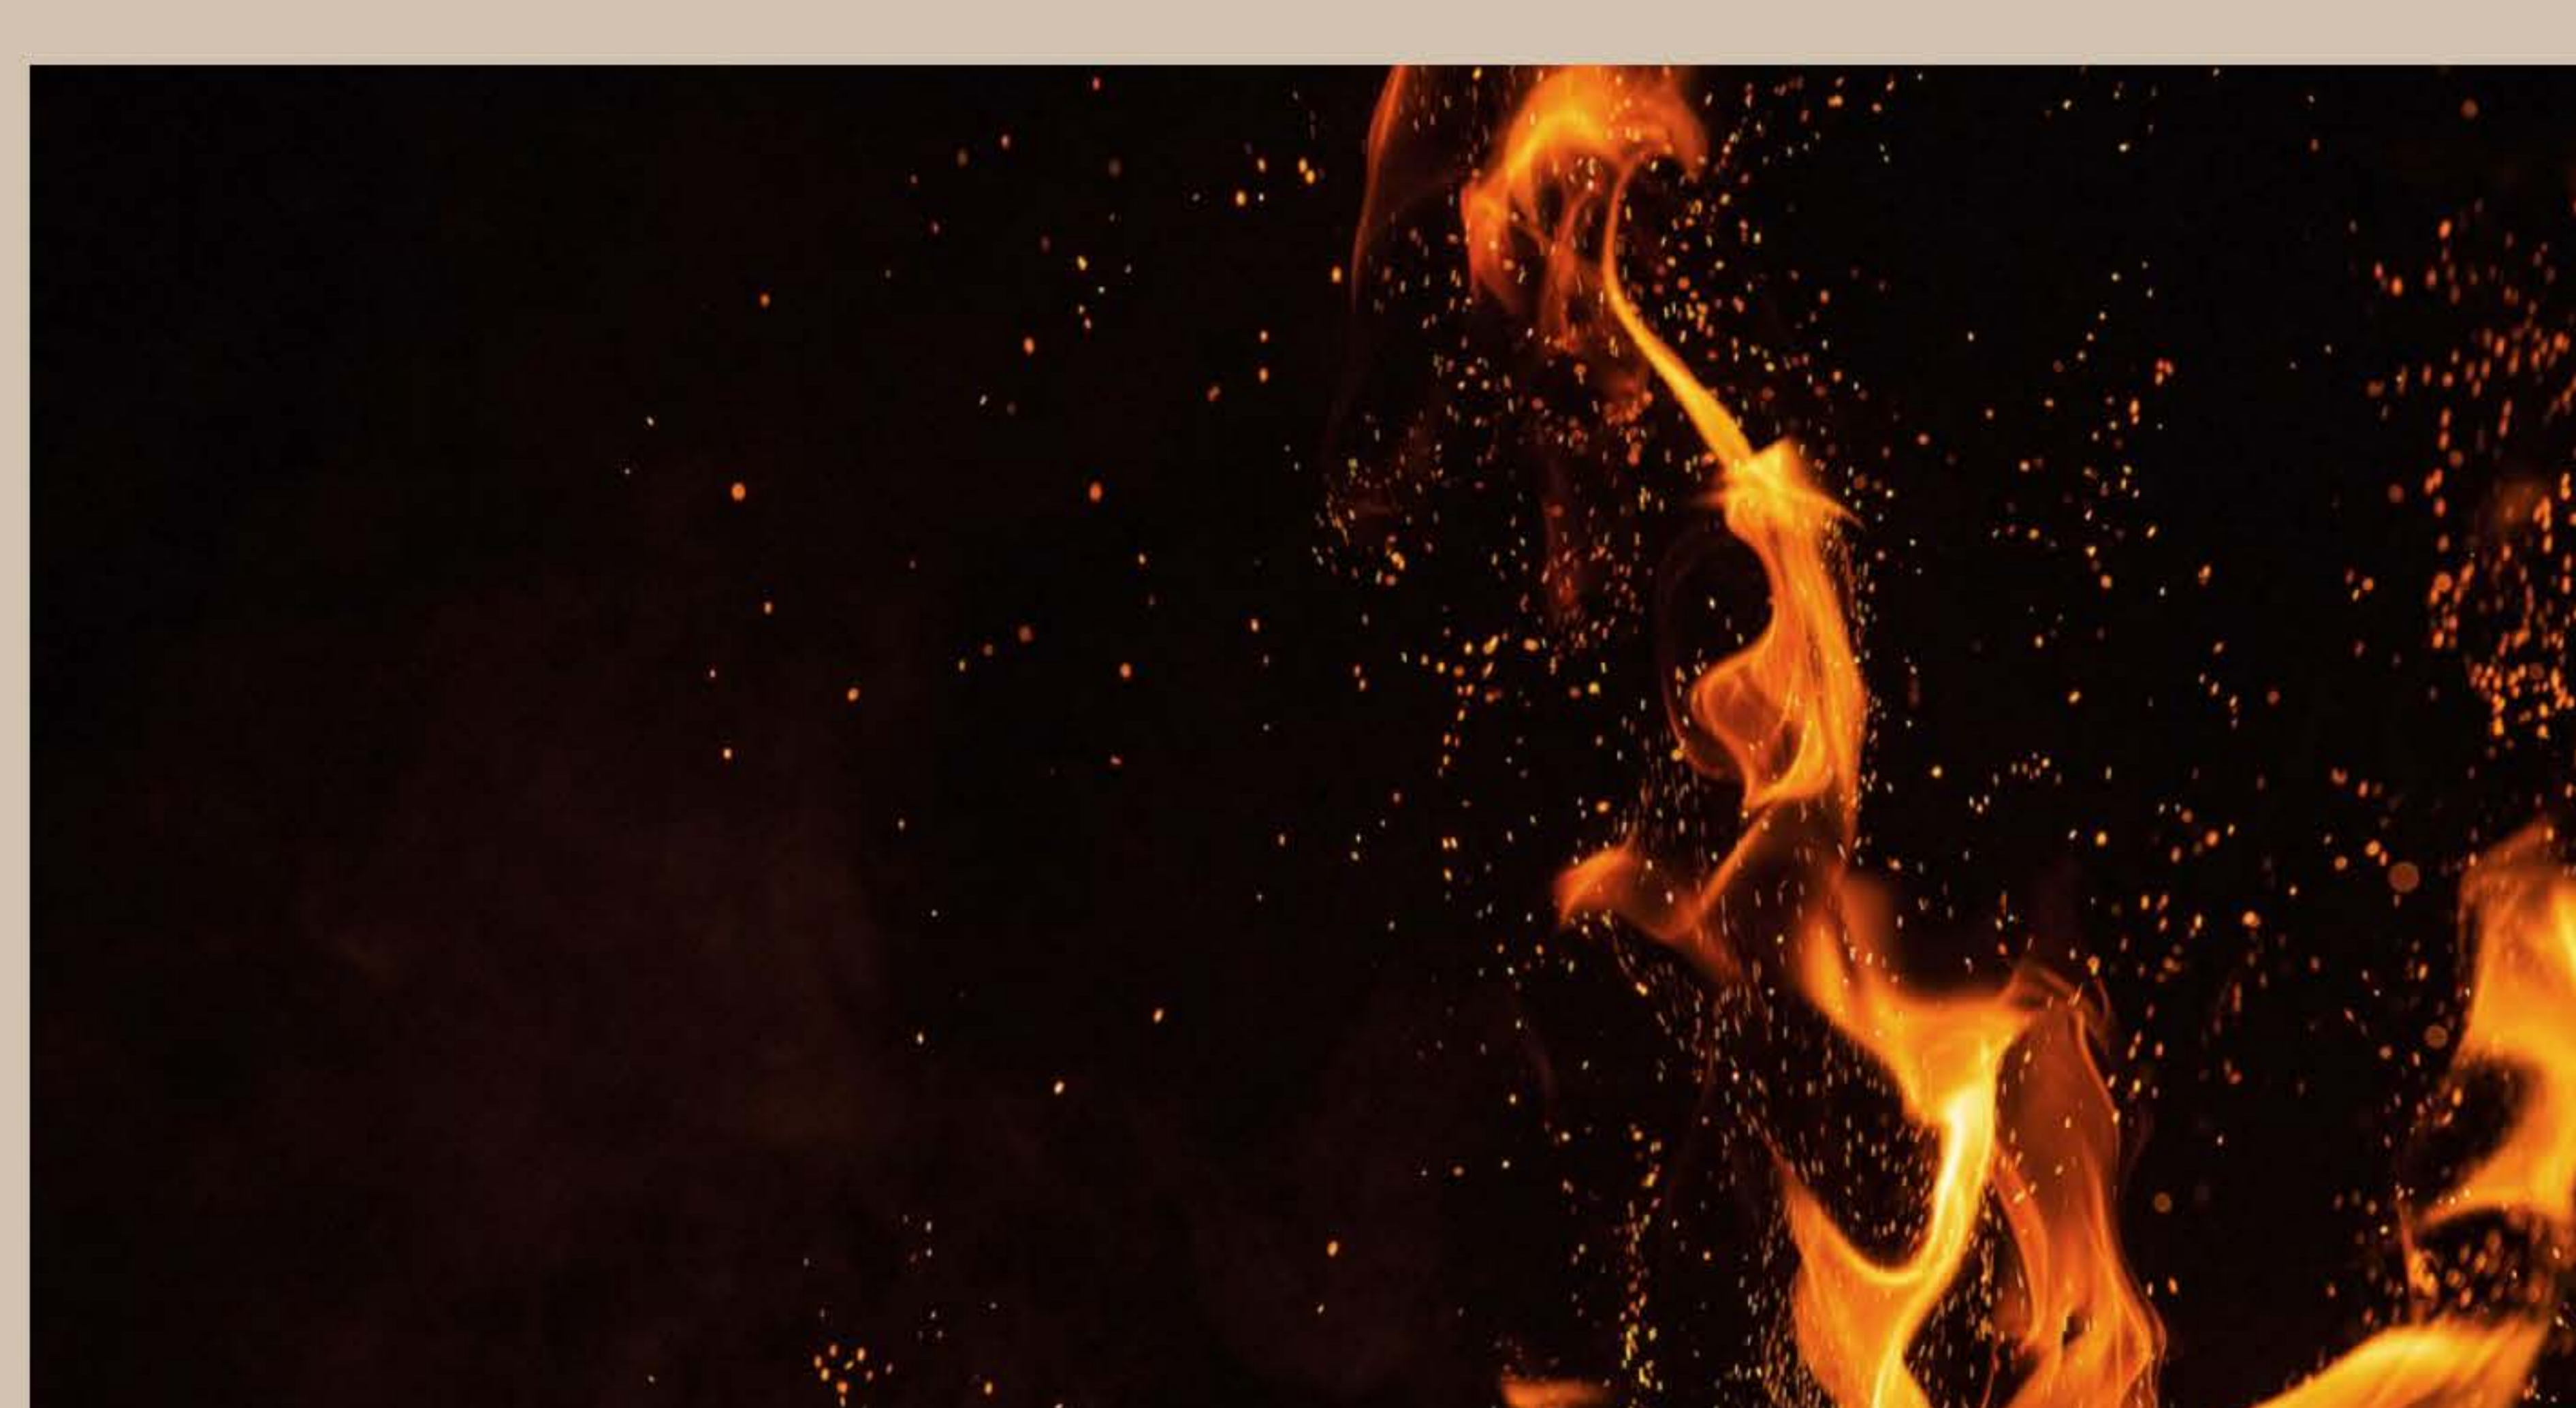

Opening Night: Friday 21 April, 6:00-8:00pm

Location:

Art Gallery 275

Ivanhoe Library & Cultural Hub

275 Upper Heidelberg Road, Ivanhoe

Upcoming Makers Craft Markets

I am going to be at The Heide Makers Market on April 8th and May 13th.

Hope to see you there!

The Heide Makers Market

April 8th & May 13th
